

```
two_gis_test::argument  
_parser::ArgumentParser  
::startParsing
```

```
graph LR; A["two_gis_test::argument_parser::ArgumentParser::startParsing"] --> B["two_gis_test::service::isValidFile"]
```

A diagram showing a call from the `startParsing` method of the `ArgumentParser` class to the `isValidFile` method of the `service` class. The call is represented by a blue arrow pointing from the left box to the right box.

```
two_gis_test::service  
::isValidFile
```
